ATLANTIC STEAMERS HAVE STORMY TRIPS

Skippers Report Worst April Weather In Years.

HURRICANES GALES TERRIFIC

La Provence, of the French Line, Has Fierce Fight with Gale Many Hours, Her Compass and Wireless Apparatus Put Out of Commission.

New York, April 22.—Incoming liners report heavy weather on the trip across the Atlantic. The skippers say it was the worst April they had seen in many years. The steamer Amerika, which arrived Sunday, was a day late.

The captain of this vessel said that the gales and hurricanes that beset his ship were terrific.

La Provence, of the French line, on last Friday, fought a gale for five hours, and her compass and wireless apparatus were put out of commission. Shortly after midnight Wednesday, the hurricane hit the Etruria. The liner's speed was reduced, and she logged only 371 miles as against 464, her best day's run on the trip. The Philadelphia also got her share of bad weather.

Funeral of Judge Fort.

Americus, Ga., April 23.—With Maconic honors, and in the presence of a vast multitude of sorrowing friends, including many from other cities of southwestern Georgia, the funeral exercises of Judge Allen Fort were conducted Sunday afternoon from the First Baptist church, Rev. Osceloa P. Gilbert, the pastor; Dr. J. P. Wardlaw, of First Methodist church, and Rev. Robert L. Bivins, of Furlow Lawn Baptist church, conducting the services.

Old-Time Baseballist Asphyxiated.

New York, April 23.—"Mat" Hicks, an old-time baseball player, who played with the old New York Mutuals and the Cincinnati Red Stockings, and who is credited with being the first man to catch off the bat, was found dead in a room in a hotel in Hoboken Sunday. Hicks, who was the manager of the billiard room at the hotel, was asphyxiated by gas which had been turned on accidentally. He was 60 years old.

Convention Architectural League.

Washington, April 23.—The Architectural League of America began a three days' convention in this city Monday with delegates present from all sections of the country. Reading of reports and other routine business occupied the morning session and in the afternoon the delegates will visit Mount Vernon. The convention will close Wednesday. A banquet will be tendered the delegates by the Washington Architectural club.

Prince to Visit Exposition.

New York, April 23.—H. R. H. Prince Albert Leopold, of Saxe-Coburg-Gotha, a son of the late Prince Philip, and nephew of Leopold, king of the Belgians, arrived here Sunday from Quebec. Prince Albert is at the St. Regis preparatory to leaving for the Jamestown exposition, where he will represent the government at the naval review. Only his secretary accompanied him.

Spoke to Audience of 2,000.

Atlanta, April 23—Dr. Henry Marvin Wharton, the central figure in the Baptist meetings for men now being held in Atlanta, spoke interestingly to an enthusiastic and appreciative audience of possibly 2,000 men at the Grand opera house Sunday afternoon. His theme was "Men Wanted."

Sugar Duty Reduced.

Buenos Ayres, April 23.—The government has reduced the duty on sugar to six centavos, gold, instead of seven a kilogram because of the scarcity of this product. Under the law, the government is authorized to reduce or even suppress the duty on sugar when the price reaches a certain limit.

TRAINS CRASH IN ALABAMA.

Fatal Mix-Up at Woodlawn, Suburb of Birmingham.

Birmingham, Ala., April 23.—As the result of a double wreck on the Southern railway a short distance east of Woodlawn, a suburb of Birmingham, early Sunday, two are dead and a number injured.

The dead are:

Caleb Harris, on wrecker, fireman.

Tom Beverly, brakeman on wrecker.

Those injured:

James Wages, Atlanta, engineer, skull fractured, head hurt and face scratched. S. H. Odell, engineer, internal injuries. Thomas Powell, engineer, bruises on body.

White fireman, shoulder dislocated. Two postal clerks, slightly injured.

White passenger, knee cut.

The unusual character of the wreck makes it surprising that the casualties were not more. A freight train with a dead engine on the rear, was coming towards Birmingham. The operator allowed No. 37, the fast passenger, into the block, and it crashed into the dead engine, smashing them both and demolishing several cars.

Three cars of the freight engine were thrown across the eastbound track almost at the instant that the Southern wrecker, enroute to Heflin, Ala., passed. The wrecker struck them and practically the whole train piled into the ditch. Two men were caught under the engine.

May Be Two Dioceses for Georgia.

Savannah, Ga., April 23.—The question of the division of the Episcopal diocese of Georgia into two dioceses will come up for final action before the diocesan convention to be held in this city next month. It is said that it is by no means safe for those who favor division to accept it as a settled fact that it will be decided upon, for there are grave obstacles in the way, that a majority of the convention may either regard as insuperable or inadvisable to be wrestled with at this time. There is a strong element among the Episcopalians who feel that the diocese should continue as an integer.

Shoots Self Through Head.

Washington, Ga., April 22.—L. L. Blackmond, a prominent and well connected citizen of Hyde, a small village, 8 miles northeast of Washington, was found prone on the floor or his bedroom Sunday morning with a pistol ball in his brain, and the weapon beside him, indicating that he had committed suicide. There was no one who witnessed the act, but he was found by his wife when she returned from a neighbor's house. Nothing was left by the unfortunate man to indicate the cause of his rash deed.

One Steamer Rams Another.

Baltimore, April 23.—The British steamship Barnstable, Captain Davidson, arrived in port Monday morning from Port Antonio, Jamaica, with a large hole in her port side, and with her stem twisted. She was run into at full speed at 10 o'clock Sunday morning by the steamer Old Point Comfort, which runs from Cape Charles City to Old Point Comfort, Va. No one was injured on either vessel. Captain Davidson could not account for the accident.

Voluntary War Nurses Want Pension.

Philadelphia, April 23.—Mrs. Carlissa F. Dye, aged 75, of this city, president of the Association of Army Nurses of the civil war, who did heroic work on many battlefields, is collecting data from one hundred and more surviving female nurses in the United States who saw service on the field of battle and in hospitals during the war, with a view to furnishing congress with facts looking to the securing of pensions from the government for these volunteer nurses.

Mobs Attack Tram Cars.

Cairo, Egypt, April 23.—Serious disorders have occurred here as a result of a strike of the hack drivers and tramway employees of the city. Mobs attacked tram cars which attempted to run, and much damage was done. British troops will patrol the chief thoroughfares to preserve order.

BENEDICT GIMBLE DIES OF HIS WOUNDS

Recent Attempt on His Life Has Resulted Fatally.

HE WAS WEALTHY MERCHANT

Gimbel, Who Was Arrested on Serious Charges, Cut His Throat and Wrists With Pieces of Broken Glass. Charges Said to Be Bribery.

New York, April 23.—Benedict Gimbel, the wealthy Philadelphia merchant who cut his throat and his wrists with broken glass in a hotel in Hoboken, soon after he had been arrested on serious charges in this city, died at St. Mary's hospital, in Hoboken, early Monday morning.

Mrs. Gimble was at his bedside, also two brothers, one from Milwaukee and another from Philadelphia.

The arrest of Mr. Gimbel, a man of wealth, a member of a prominent and prosperous family, and with a spotless reputation, caused great surprise.

Thursday afternoon he was taken from a cab in this city while in company with Ivor Clark, a sixteen-year-old boy, by two detectives, who acted on the complaint of Clark's parents.

Gimbel, according to the detectives, offered them $2,000 if they would release him. The detectives apparently consented, and demanding the cash, were driven by Gimbel to the banker's office here and given $2,000. They then informed Gimbel that the charges of attempted bribery would be placed against him, and they took him to the district attorney's office, where, it is alleged, offered Assistant District Attorney Kroetel any amount of money to gain his release.

Gimbel was released on heavy bail, and started ostensibly for his home in Philadelphia. He never reached there. Instead, he went to the Palace hotel in Hoboken and there with broken glass obtained from a water pitcher, cut his throat in many places and gashed his left wrist. It was thought for a time that his life might be saved, but Saturday he began suddenly to fail, and late Sunday night hope was abandoned.

That the mental strain under which Gimbel labored because of his arrest was one of the most important contributions of his failure to recover from his wound is the opinion of Dr. Jurist, the family physician, who came from Philadelphia to attend him. It was only by the constant use of stimulants that the patient was kept alive Sunday, the doctor said. Mr. Gimbel's evident desire to die even after the arrival of the members of his family who did their best to encourage him to live and fight for his liberty, also operated greatly to the disadvantage of the doctors, who were striving to save his life.

Mrs. Gimbel had remained at the hospital where she could be called at a moment's notice and was almost constantly at his bedside endeavoring to overcome his desire to be relieved of his troubles by death.

Members of the family had a strong hope that if Mr. Gimbel recovered, the charges against him could be overcome by the plea of insanity, and they had engaged Mr. Shields of Philadelphia to assist counsel in this city to fight the case. They had decided to send Mr. Gimbel to an asylum if they were successful in court.

It became evident before midnight that Gimbel could not live unless heroic treatment was attempted. Oxygen was administered to him all Saturday afternoon and Sunday night. Later he failed to respond to this treatment and Charles Gimbel then suggested that as a last resort his blood be infused into the veins of his brother. While the physicians could hold out little hope, even with this infusion of blood to strengthen the patient it was determined to try it as a last resort.

However, it is said that Gimbel did not revive sufficiently after midnight to test the experiment.

Philadelphia, April 22.—In connection with the death of Benedict Gimbel, in Hoboken Monday, the following statement was made by Gimbel Bros., incorporated:

"Gimbel Bros., a corporation managed by the seven brothers, deceased being the youngest of the number and owning a small minority block of the stock. His demise wil have no more effect on the business than the death of any one director of a railroad."

HEAVY DOWNPOUR.

Not In Her History Has Mobile Had Such Heavy Rainfall.

Mobile, Ala., April 23.—From midnight Sunday until 8:30 Monday morning Mobile was visited by one of the heaviest downpours of rain in her history. So great was the downpour that the streets in many sections of the city were covered from one to two feet with water, and the school board closed the schools.

The new union station was completely cut off, and the damage to houses and buildings through leakage of roofs, will be heavy.

In some sections of the city people were cut off for a radius of ten blocks.

LYNCH LAW IN POLAND.

Inaugurated To Put Stop to Socialist Outrages.

Lodz, Russian Poland, April 23.—Lynch law has been inaugurated by the nationalists, to put an end to the socialist outrages here.

Having captured one of three socialists who murdered a 15-year-old girl, the nationalists took their prisoner to the outskirts of this city, tried him, sentenced him to death by hanging, and carried out the sentence.

Last week's victims of the nationalist and socialist fights totalled 23 killed and 27 wounded. The majority of the casualties were among the socialists.

Death of Mrs. C. D. Hill.

Atlanta, April 23.—Mrs. Charles D. Hill, wife of Solicitor General Hill, died Monday morning at the residence on Piedmont avenue. She had been ill for a long time, but her death comes as a great shock to hundreds of friends in Atlanta and throughout the state. The funeral will occur Tuesday morning at the Sacred Heart church, Father Gunn conducting the services. The interment will be at Oakland cemetery.

Mrs. C. F. Crisp Very Ill.

Americus, Ga., April 23.—Mrs. C. F. Crisp, widow of the late distinguished speaker of the national house of representatives, is seriously ill at her home, in Americus, Ga., and apprehension for her recovery prevails. Mrs. Crisp has been unwell for a considerable time, and her condition is most unfavorable.

Schooner Goes Ashore.

Jacksonville, Fla., April 23.—The schooner Maria Gilbert, Captain Simmons, 460 tons, from Baltimore, on April 2, with coal, went ashore 7 miles north of Mayport, Saturday night. The crew of eight men landed on the beach. Tugs from Jacksonville made an ineffectual attempt to pull her off.

Two Wrecks Near Gadsden.

Gadsden, Ala., April 23—A freight wreck 13 miles below this city, at 2 o'clock Sunday morning on the Louisville and Nashville railway, completely blocked traffic for over twelve hours. Considerable damage was done to property but no loss of life was reported.

Woman Will Try for Championship.

New York, April 23.—Miss Mary C. Sutton, of California, who will start for England on May 17, to strive for the English lawn tennis championship, will take part in the local tournament at the St. Nicholas rink this week, with Beals C. Wright. She is to play in the mixed doubles.

Floats Loans of $115,000,000.

San Francisco, April 23—Koreyeko Takahashi, the Japanese financier, who has just completed his mission of floating loans aggregating $115,000,000 in London and Paris to redeem the war bonds of Japan, arrived in San Francisco, on his way home, Sunday.

RENEWAL HOSTILITIES MAY BE IMPENDING

Peace Negotiations Have Come to a Deadlock.

CENTRAL AMERICAN ADVICE

Trouble Seems to Hinge on a Demand Which Nicaragua Has Made Toward San Salvador—Would Hold Her Responsible.

Washington, April 23.—Advices received here Monday from Central America are to the effect that the peace negotiations which have been in process for the past few days at Amapala, have come to a deadlock and it is feared that a renewal of hostilities is impending.

The difficulty appears to be in the Nicaraguan demand that Salvador shall be held responsible for what has occurred which condition is not acceptable.

FIRE IN TUNNEL.

Collision of Trains on Louisville and Nashville Railroad.

Knoxville, Tenn., April 23.—A portion of the Copper Ridge tunnel of the Louisville and Nashville railroad 17 miles north of this city, caved in Monday. The cave-in smothered the fire which had been raging in the tunnel since Sunday afternoon about 3 o'clock, when a rear-end collision occurred in the tunnel. Two brakemen were injured, D. M. McReady and W. J. Moody, both of Corbin, Ky.

It is estimated that about 1,000 feet of the tunnel is damaged by the fire burning the wood lining and supports and by the cave-in caused by the supports giving away.

A locomotive, caboose and three coal cars were consumed by the fire.

The tunnel may be closed to traffic for several weeks. In the meantime the Louisville and Nashville is using the Southern railway tracks from this city to Coal Creek where the two raods cross.

IMPORTANT CONFERENCE

High Officials of Several Railroad Systems Meet at Memphis.

Memphis, Tenn., April 23—An important conference between the presidents and other high officials of several railroad systems in the south and members of the river and railway commission of the Lumbermen's Club of Memphis, is being held here. The session is executive. Freight tariffs are being discussed, but the chief topic to be taken up is the car shortage situation.

An elaborate banquet was tendered the visiting officials by John H. Wilkins, president of the New Memphis Railroad Terminal company. Speeches were made by Messrs Harahan, Finley, Russell and Governor Malcolm R. Patterson.

Shortage May Be Quarter Million.

New York, April 23.—The shortage in the accounts of W. O. Douglas, assistant loan clerk of the Trust company of North America, accused of stealing $60,000 in bonds from the institution, may reach a quarter of a million dollars. Douglas is said to have confessed to Oakleigh Thorne, president of the Trust company, at the time of his arrest that he had made away with $50,000 in bonds. On Monday it was reported that he had made a written confession to Mr. Thorne in which he alleged that the total value of bonds taken by him would reach $250,000. The bonds are said to have been turned over to a Wall street broker.

Delegates Hear New Thought Tenets.

Boston, Mass., April 23.—A business meeting was the feature of the first day's session of the convention of the New Thought association, which is being held in this city. All the various matters of business having been disposed of, there was a public meeting presided over by Rev. Allen B. Shields, of this city, at which the subject of "The Relation of the Parochial Ministry to Spiritual Healing" was considered by many speakers.

DISTRICT NO. 6 WANTS HARD ROADS

By Almost Unanimous Vote Sub-Road District is Created.

EXTENDS EIGHTEEN MILES

From East to West, With Proportionate Distance North and South—Five Mill Tax—People Mean Business and Will Push Rapidly as Possible.

There was an election in District No. 6, of which Newberry is the center, a few days ago. This election was held for the purpose of determining whether or not the district should be made a special sub-road district, and the people showed their energy by voting in favor of the movement almost unanimously. There were a large number of votes cast, only nine of which were against the creation of the district.

At the same time an election as to the millage to be assessed was held, and it was decided by the same vote to make the tax five mills.

This is a large district, extending from what is known as the Sam Tucker place on the east, to Tyler on the west, a distance of eight miles, with a proportionate distance north and south.

The Sam Tucker place is only about seven miles west of Gainesville, being the western boundary of the Gainesville sub-road district. When the road in this district, now under course of construction, will have reached this point, and the people of the Newberry district will have built from that point to Tyler, this will afford a fine road from Gainesville to Tyler unbroken, about twenty-eight miles.

The people of Alachua county have the hard road fever, and they have it in the right spirit. New sub-road districts are being created annually, and if the present progress keeps up, it will not be many years before Alachua will have as many miles of good roads as any county in the State, in proportion to area.

Girlhood and *Scott's Emulsion* are linked together.

The girl who takes *Scott's Emulsion* has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, *Scott's Emulsion* provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

ALL DRUGGISTS: 50c. AND $1.00.

THE NEW ICE FACTORY.

Express Refrigerator Company Will Have Plant in Operation Soon.

The plant of the Express Refrigerator Ice Company, the new company recently organized, and which will have a capacity of thirty tons per day, will soon be in operation, which will then place Gainesville fourth in rank in the State in the manufacture of that which keeps people cool and preserves perishable matter.

Several months ago the foundation to the building, which will be located on West Depot street, was begun, since which time a large force has been constantly engaged in the work. The building is one of the largest and most modern of the kind in this section of the State, being equipped with immense cold storage plants and other modern appliances. Machinists from the Columbus Iron Works, Columbia, Ga., have been here for the past three weeks installing the machinery, and it is expected that before the end of the week arrives the steam will be turned on.

This will add another link to Gainesville's chain of industries, and inasmuch as this is the center of the vegetable and fruit shipping district, it is safe to assume that the project, which will employ a large number of hands, will be a paying one.

DELIGHTFUL SOCIAL FUNCTION.

Misses Addie and Lovie Goode Entertian Miss Pound at Informal Dance.

One of the delightful social functions of the season was an informal hop tendered by Misses Addie and Lovie Goode to their friend, Miss Mae Pound of Jacksonville, who is here as their guest, on Monday evening.

This dance was given at the armory, and there were eighteen couples present. The program comprised eighteen numbers and four extras, making the evening a most enjoyable one.

During the evening delicious fruit punch was served, and it is needless to add enjoyed.

Miss Pound formerly resided here, and her numerous friends are under obligations to the Misses Goode for an opportunity to meet her again.

NEWS OF CITY AND COUNTY CONDENSED

Frank Richardson of Jacksonville is in the city. Mr. Richardson, who is a member of the W. T. Hadlow Company, contractors, snupervised the work on the new University buildings here.

Hon. Frank Clark has returned from Tallahassee, where he went several days ago to deliver an address before the convention of county school superintendents, and to attend to some other matters.

Rev. Dr. Thompson, a Baptist minister of Island Grove, was visiting his friends in this city yesterday. Mr. Thompson is a great personal friend of Rev. S. B. Rogers, and expressed regret that Mr. Rogers continues in ill health.

Harry Alexander has gone to points in the West End in the interest of The Sun. He is authorized to collect and receipt for subscriptions, and transact any other business in connection with this paper, and the management will appreciate any courtesies extended him.

O. H. Highsmith of Levy county has arrived in the city, and will make his future home here, having accepted a position as salesman with Saunders & Earle. Mr. Highsmith has been engaged in teaching in Levy county, but his school having closed, and being of an industrious nature, he did not desire to remain idle.

Mrs. Fannie Johnston of Daytona, widow of the late Captain J. F. P. Johnston, has been in this city for the past few days on a visit to Mrs. A. R. Harper. She left yesterday for Lake View, where she will spend a few days as the guest of Mr. and Mrs. F. F. Paulling, Mrs. Johnston's friends here were delighted to see her again.

Honor to Miss McCreary.

The friends of Miss Irene McCreary in this city and elsewhere are pleased at the honor which has been bestowed upon her in her selection by the president of the Martha Reid Chapter, U. D. C., as one of the heralds at the State convention of the United Daughters of the Confederacy, to be held in Jacksonville.

Miss McCreary is now visiting her friend, Miss Margaret Jackso Paragould, Arkansas, but will doubt return in time to accep honor nd act.

OPENING THIRD WEEK OF THE LEGISLATURE

Monday's Session Was Short, But Busy One in Both Branches.

MANY IMPORTANT MEASURES

Were Introduced and Acted Upon. Legislature of 1907 Seems to Be Determined and United on the Good Roads Question—Adjournment.

Intensely straight and strictly business were the sessions of both the House and Senate Monday afternoon, and the rapidity with which business was disposed of by the latter body caused formal congratulations and felicitations from the president.

There was the usual Monday rush of new bills, followed with quick routine work, while the bill appropriating $1,000 for use of the investigating committee of the internal improvement fund was, under waiver of the rules, passed in a few minutes and sent immediately to the Senate, where it met the same reception.

The Grigg's pension bill, introduced Monday, is an important and sweeping measure, advancing date to 1895, and under its terms giving every Confederate soldier a pension, who is unable to earn support by manual labor.

Prominent arrivals Monday include Hon. W. S. Jennings, Jacksonville; Hon. T. A. Jennings, Pensacola; Dr. Lincoln Hulley, president Stetson University.

Hon. T. A. Jennings would not authorize positive statement that he would be a candidate for Governor, but at the same time would not deny the rumor, and admitted that at the present time the indications were strongly in favor of his candidacy.

SENATE PROCEEDINGS.

The Senate was called to order at 2:30 this afternoon, with President Harris in the chair. Twenty-three Senators responded to roll-call. Resolutions were read from the Florida Medical Society, indorsing bills relative to the State Board of Health.

New Bills Introduced.

Among the new bills introduced were the following:

By Mr. Trammell—To prescribe manner in which railroads shall construct and maintain road crossings, and providing penalties.

By Mr. Trammell—Relating to payment of license or privilege tax by corporations rendering services to the public within the State of Florida.

By Mr. Trammell—Relative to bribery and corrupt practices connected with elections and primary elections and fixing penalties, prohibiting campaign contributions by corporations and employment of workers.

By Mr. Trammell—To provide that manufacturers and vendors of fertilizers shall in certain cases be liable to purchasers for damages, etc.

By Mr. Henderson.—To amend general statutes relating to enticing laborers and servants.

By Mr. Henderson.—To prohibit the hiring, recruiting or inducing of labor from any county in the State into another county in the State.

By Mr. Humphreys—To provide remedy for breach of contract or for any wrongful act and to provide the measure of damages.

By Mr. Neel.—To amend Section 1267, General Statutes relative to incorporation of towns, cities and municipalities.

By Mr. Willis.—To amend Section 4240, General Statutes, relating to county convicts may be put to labor.

A resolution offered by Senator Trammell, requiring the report of committees on bills referred to them within five days, was adopted after some discussion.

House Messages.

Messages from the House of Representatives were received and read and bills referred to proper Senate committee. Under this head, however, House concurrent resolution No. 23, was, under waiver of rules, read second time and unanimously adopted.

The preamble of this resolution recites the importance of the oyster industry and the resolution proper requests the United States Fish Commission to send an expert to address the next session of the Legislature on the subject.

A number of bills that have passed both houses and previously reported were in open session signed by the president and the secretary of the Senate.

Bills on Third Reading.

On motion of Senator McCreary, regular order was waived and bills on third reading were considered and Senate bill No. 39, by Mr. McCreary, amending Section 187 of general statutes relating to publication of list of qualified voters, was read the third time and passed, 26 to 0.

This act simply defines the word publish as meaning printed in some newspaper and not by posting or otherwise, and also defines the duties of the supervisor of registration.

Senate bill No. 39, By Mr. McCreary, relating to damage to stock by phosphate plants, was read in full and passed, 23 to 0.

By Mr. Crill.—For protection of shad, prescribe close season April to December, and prohibiting transportation or possession of such shad during closed season, was read the third time and passed, 22 to 0.

Senate bill No. 122, by Mr. Willis, by request—Relating to catching fish with seines, nets or other set device, or by shooting or gigging in fresh water lakes, was read the third time with an unfavorable report by the committee on fisheries.

On roll-call bill was lost by vote of 6 to 18.

The president announced the name of Senator Cottrell as member on part of Senate joint committee to visit convict camps, and ask for another volunteer to fill out the Senate's complement of two. To this call there was no response, however.

On motion of Senator Buckman, House bill No. 262, by Carter of Alachua, was read the second and third time and passed by vote of 24 to 1. This bill appropriates $1,000 for use of joint committee to investigate transactions of the internal improvement board.

The Senate then adjourned until Tuesday.

IN THE HOUSE.

The House convened at 3:30 o'clock p. m., Speaker Matthews in the chair.

After prayer by the chaplain, the correction of the journal followed, and the following business was taken up:

Mr. Carter of Alachua, for the committee to investigate the internal improvement fund submitted a communication, asking for $1,000 appropriation and for authority to employ counsel. The communication was signed by Senator H. H. Buckman, chairman, and on motion of Mr. Carter, was spread upon the journal.

By Mr. Parkinson of Volusia.—Constitutional amendment relating to issue of State bonds for good roads; to committee on constitutional amendments.

By Mr. Carter of Alachua.—Appropriating $1,000 for use of internal improvement fund investigating committee.

Mr. Carter moved the rules be waived and the bill read a second time by the title only.

On motion of Mr. Carter the rules were further waived and the bill was read a third time and placed on final passage.

The appropriation is intended for the expense of the committee for clerical assistance, attendance of witnesses and incidental expenses. The bill passed 53 yeas, 2 nays, nays being Messrs. Willis of Levy and Williams of Jackson. The bill was certified immediately to the Senate.

By Mr. Long of Clay.—Relating to claims against common carriers.

By Mr. Reese of Escambia.—Relating to time in which suits may be brought.

By Mr. Reese of Escambia, providing for publication in change of suits.

By Mr. Griggs of Franklin.—Relating to pensions.

By Mr. Dudley of Hillsborough.—Appropriating $15,000 annually for two years for Florida State Midwinter fair.

By Mr. Williams of Jackson.—Relating to county bonds, interest and sinking funds.

By Mr. Snell of Polk.—Relating to prohibited degrees of marriage.

By Mr. McKenzie of Putnam.—For payment of surplus over $1,000 of fine and forfeiture fund in Putnam county into road fund.

By Mr. McKenzie of Putnam.—Relating to voters in bonding elections.

By Mr. Faulkner of Taylor.—Providing for transfer by county treasurers of surplus in fine and forfeiture funds to other funds.

By Mr. Parkinson of Volusia.—Creating a State highway commission.

By unanimous consent, Mr. Watson of Dade introduced House concurrent resolution No. 23, for joint meeting of apppropriation committee to prepare general appropriation bill and submit to both houses not later than May 15; adopted under suspension of rules.

A message was read from the Senate and the usual action taken with the bills and resolutions.

House bill No. 93, the anti-bucket-shop bill of Mr. Knight of Columbia, was postponed and made the special order for 11 a. m. Tuesday.

Mr. Carter of Alachua moved that the House insist upon its amendment to Senate bill No. 222, relative to change of venue, and ask for a conference thereon; carried. Discussed by Mr. McClellan and several other members. This bill, in one form or another, has been several times before the House. The amendment was lost, and the bill was placed on the calendar without reference to committee.

Bills On Third Reading.

By Mr. Wartmann of Marion.—Authorizing the railroad commission to compel separation of white and colored passengers on railroads, providing a penalty of not more than $5,000 for each offense by railroad, and a fine of not more than $500 or six months' imprisonment for passengers violating provisions of act. The bill was passed by a unanimous vote.

By Mr. Reese of Escambia.—For separation of races on electric street car lines. The bill was then passed—yeas 57, nays 0.

The House adjourned at 5:30 p. m., until 9 a. m. Tuesday.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

ARCHDEACON WEBBER AT HOLY TRINITY

Closed a Very Successful Mission Week in This City Sunday.

SPOKE ON BLOOD COVENANT

Sunday Evening to Large and Appreciative Congregation, Holding Closest Attention of Hearers for More Than an Hour.

After a week's mission service at Holy Trinity church, Archdeacon Webber of Boston delivered his farewell sermon in the new church Sunday evening to a large and appreciative congregation, taking as his subject the Blood Covenant.

As has been the case in each sermon delivered here by this eminent divine, the subject was handled in a powerful and masterly manner, and so plainly that a child could comprehend its meaning. For more than an hour the preacher dwelt upon the custom of covenants in the Orient, drawing a beautiful picture of Jesus and the covenant with His disciples. It was one of the most masterly efforts ever heard here, and was duly appreciated. It is to be regretted that Dr. Webber could not have remained longer, but duties called him elsewhere.

The music at this service was of a special order, and was very fine. Mrs. Becker presided at the organ, while Misses Christine and Minna Hampton played the violins.

The work of Archdeacon Webber here has been very fruitful, as it has had a tendency to revive the spiritual influence of the community.

Archdeacon Webber left at noon Monday for Tallahassee, where he will conduct a mission service for the remainder of the week.

DON'T DIE AT 45.

Cure the Indigestion Which is So Liable to Lead to Apoplexy.

Rush of business, eating too fast and too much, excesses of any kind, soon result in indigestion. Then when the digestive organs cannot care for the food properly the coats of the blood vessels in the brain get little nourishment, become brittle, and finally yield to the fierce blood pressure. One is then said to have a "shock," to be paralyzed, or to die from apoplexy.

People suffering with headache, giddiness, palpitation, sleeplessness, bad taste in the mouth, drowsiness, coated tongue, distress after eating, specks before the eyes, and any other of the many distressing results of a weakened stomach, should profit by the discovery of Mi-o-na stomach tablets.

In recent years the greatest advance in medicine has been in the study of diseases of digestion and nutrition and no other prescription has proven itself of as much value as Mi-o-na. It is relied upon as a certainty today in relieving the worst troubles of digestion and assimilation and making a complete cure.

The strongest proof that can be offered in substantiation of the claims that Mi-o-na will cure the worst forms of stomach trouble, cancer excepted, and give immediate relief in indigestion, is the guarantee that J. W. McCollum gives with every 50-cent box of Mi-o-na to refund the money unless Mi-o-na cures. A guarantees like this must inspire confidence in Mi-o-na. J. W. McCollum takes the whole risk and the remedy will not cost you a penny unless it cures.

HOT WEATHER AHEAD.

How to Keep the Kitchen Cool and Comfortable in Mid-Summer.

Many a housewife is wondering how she will pass through the coming summer months with the stove she well knows will make the kitchen unbearably hot—to say nothing of the dirt, dust and ashes that will add to the discomfort.

There is a way out of it all—a way that not only lessens the work and keeps the kitchen cool, but that also reduces fuel expense. This convenience, comfort and economy is all effected by the New Perfection Wick Blue Flame Oil Cook-Stove, an oil stove so superior to other makes that it is fast replacing the coal and wood range, the old-fashioned oil stove, and in many cases the gas stove.

Anyone who has had to wait ten or fifteen minutes for the fire to get started will appreciate the New Perfection, which gives a strong working flame at moment of lighting. "Blue Flame" means the hottest and cleanest flame produced by any stove. The flame is always under immediate control and can be raised or lowered instantly. The convenience of this will be understood when it is considered that while the flame of one burner is boiling the kettle or roasting a large joint, that of another can be reduced to simmering point—in this way enabling the housewife to cook a variety of dishes at one time.

Then the comfort of it. While the flame of the New Perfection is intensely hot, yet the heat is not thrown off into the kitchen because it is concentrated by blue-enameled chimneys.

On washing and ironing days the comfort and convenience of the New Perfection will be greatly appreciated. It gives best results in the least time and does away with all coal and wood carrying and the many other disagreeable jobs that have to be done with other stoves. The new perfection is made in three sizes, with one, two, and three burners, and is warranted to give full satisfaction.

Another home comfort is the Rayo Lamp, which produces a light of unusual brightness, yet soft and mellow—a light that will not hurt the eyes. The Rayo Lamp can be used in any room, whether it be library, dining-room, parlor or bedroom. It is highly ornamental, being made of brass throughout and beautifully nickled. Every lamp is warranted and makes a valuable and handsome addition to any home.

The New Perfection Wick Blue Flame Oil Cook-Stove and the Rayo Lamp are two real essentials to home comfort. Their easy operation, absolute safety and handsome appearance commend them wherever stoves and lamps are used.

TRANSFER OF CASES.

Wm. McDonald, Charged With Cruelty to Animals, Wanted Transfer.

When the case of the State vs. Wm. McDonald, colored, charged with cruelty to animals, was called in Justice Colman's court Monday morning, McDonald, through his attorney, made requests for transfer of the case to County Judge Mason's court, the grounds being that defendant did not believe he could get justice in the lower court. The request was granted, and the case will come up before Judge Mason within the next few days.

The charge is made by I. L. Malphurs, who alleges that McDonald shot a cow belonging to him recently.

Attorney Robt. E. Davis represented the defendant.

In the Justice court Tom Jackson was placed under a peace warrant in the sum of $100. The warrant was issued at the instigation of the wife of Moses Sherman, janitor at the court house, who testified that Jackson "dun flung er brick" at her.

Yes, I Have Found It At Last.

Found what? Why, that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. WORKING WOMEN, WHAT THEY SHOULD KNOW

MRS. SADIE ABBOTT

MRS. PREE McKITRICK

Women for the most part spend their lives at home, and it is these women who are willing and ambitious that their homes shall be kept neat and pretty, their children well dressed and tidy, who do their own cooking, sweeping, dusting and often washing, ironing and sewing for the entire family, who call for our sympathy.

Truly the work of such a woman is "never done" and is it any wonder that she breaks down at the end of a few years, the back begins to ache, there is a displacement, inflammation or ulceration of the abdominal organs, a female weakness is brought on, and the struggle of that wife and mother to continue her duties is pitiful.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, is the exact medicine a woman needs whose strength is overtaxed. It keeps the feminine organs in a strong and healthy condition. In preparing for childbirth and recuperating therefrom it is most efficient. It carries a woman safely through the change of life and in making her strong and well assists her to be a good wife and mother.

Mrs. Sadie Abbott, of Jeannette, Pa., writes:

Dear Mrs. Pinkham—

"I suffered severely with pain every month and also a pain in my left side. My doctor prescribed for me but did me no good; a friend advised Lydia E. Pinkham's Vegetable Compound and I wrote you in regard to my condition. I followed your advice and am a perfectly well woman. The pains have all disappeared and I cannot recommend your medicine too highly."

Mrs. Pree McKitrick, of La Farge, Wis., writes:

Dear Mrs. Pinkham:

"For six years I suffered from female weakness. I was so irregular that I would go from three weeks to six months, so I thought I would give Lydia E. Pinkham's Vegetable Compound a trial.

"Now I am once more well and can do my work without a pain. Any one who wishes can write to me and I will answer all letters gladly."

Women should remember that Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of female ills. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

A physician can bury a bad job and forget it, but a sidewalk contractor is forced to see it and think of it.

Walter Wellman will tackle the North Pole in a baloon. Here is hoping he will be a well man on his return.

Senator Beard trimmed the whiskers off of his constitutional amendment and its passage has never been classed as a "close shave."

Secretary Taft is very fond of sea breezes, which has proved very soothing to the hot air baloon front which nature has imposed upon him.

It is amusing to note the fast schedule the railroad presidents make to the White House when one of the states begin talking railroad legislation.

The recent cold wave nipped Georgia's peach crop in the bud and the tinted blush of the Elberta will have to give way to Florida's famed favorite Waldo.

A New York laborer recently swallowed a pair of scissors, but late dispatches fail to state whether the incident "cut the fool," or the victim was cured of appendicitis.

The railroad slaughter still keeps up the pace for the March reports show us of fifty-three wrecks and forty-two deaths. This comes of Wall Street managing railroads.

Somehow the State Legislatures of the great Republican States don't seem to endorse the President as he expected. The factional fight in the Republican party is getting as wide as a barn door.

Senator Scott, says Taft, is not a candidate for President. Then why the brother making such a fuss in Ohio and why is Senator Foraker ringing in fire alarms to arouse his party to action?

We can all agree with President Roosevelt upon his advice to the people to plant trees on Arbor Day, but Foraker and Taft will say amen later, for this country will eventually be a desert unless tree planting is attended to.

Secretary Bonaparte and President Roosevelt have come to the conclusion, long held by some other people, that all whiskey is good, but some whiskey is better than other whiskey. Under the new Pure Food law whiskey is to be branded accordingly.

Senator Hunt Harris' child-labor bill might be a good thing, but we do not need a bill to prevent "children of a tender age" from working in the community. It usually requires a leather strap or a switch to induce many of them into activity.

If we grant Germany the right to appraise the value of the goods she sells to us, what will the other nations think when the value of American exports are arbitrarily raised? Under an ad valorem duty, advance the value of the goods increases the duty also.

GOVERNOR AND PRESS.

The Miami Evening Record, which has been a staunch supporter of the Stockton-Broward political faction, refers as follows to that part of the Governor's message condemning certain newspapers and asking the Legislature to "muzzle" them by the enactment of a law which would prohibit editors expressing honest opinions regarding men and measures with which they took issue. Says The Record:

"In his message to the Legislature the Governor recommended to that body that laws be passed making it a misdemeanor to circulate in print any false information upon any public question, or to print any malicious statement or falsehood about a candidate for office.

"This section of the message has given rise to considerable criticism of the Governor and that distinguished gentleman has replied in a letter which is published in today's Evening Record.

"It would appear that the Governor is too sensitive to attacks by newspapers.

"Every newspaper man who dares express an opinion contrary to that held by his brethren of the press knows what it is to be pilloried in public print, and soon learns to value adverse criticism at its true worth.

"Newspaper criticism of candidates and measures, even in the hottest of Florida campaigns, is mild and gentle to what was the custom of half century ago all over the country.

"The American people have learned that in full and free discussion by the newspapers of every phase of political life is safety, and they will submit to no laws that will curtail that freedom of the press to criticise and blame, even if the bounds of truth are sometimes overstepped. Exaggeration is at times better than no expression at all.

"To a layman the enforcement of the Governor's proposition would appear to be extremely difficult. How is it to be determined when information furnished to a newspaper is untrue? What shall constitute maliciousness, where a newspaper has no feeling against a candidate other than the desire to see an opponent elected?

"As an instance: During the last campaign on drainage the Governor himself appeared in print in a Key West paper over his own signature, informing the people of Monroe county that all the counties in the drainage district were in favor of the constitutional amendment.

"As it turned out, only one of the five counties in the district was in favor of the amendment.

"Would the Governor, under his proposed law, be amenable to punishment for a misdemeanor in circulating false information?

"The Governor will have to learn to take his medicine in allopathic doses, like the rest of us."

The President is getting very vindicative with his old friend, "My dear Harriman," by urging the Interstate Commerce Commission "to put him in jail." He does not deserve it any more now than he did when President Roosevelt was writing him almost daily to come and see him and save New York.

The railroads are threatening to abolish commutation tickets in Indiana, Ohio and Pennsylvania because those States have enacted laws for two-cent passenger fare. To do so will only hasten the building of more trolley lines, which will carry commuters for about one cent a mile.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The reports from Ohio say the Republicans are "all in a tumult" in that State and there is to be a fight to a finish between the Foraker and Taft factions. The Administration is doing all it can with patronage and promises to aid the Taft followers, while the State Administration has issued a declaration of neutrality. Can anyone tell what they are fighting about, except the spoils?

The Constitution is not to be followed the flag into Porto Rico, if Republican statesmen can have their way, for Secretary Taft tells the people of that island that they must be satisfied with free trade with the United States and not expect self-government.

The King of Belgium has been politically buncoed out of an immense concession in the Congo Free State to a Wall Street syndicate, hoping to win favor with Americans in the investigation of the Congo scandals.

King Edward and King Victor embraced each other repeatedly when they met at Gaeta recently. That is not strange. We knew a man to fight about a pair of kings when looking for three queens.

Now The Washington Herald suggests that the President is not the ruler of the U. S. And The Herald only has to look up the street to see him doing it.

If this warm spell continues, "something's coming off," as the man said to his winter flannels.

ARCHDEACON WEBBER AT HOLY TRINITY

Closed a Very Successful Mission Week in This City Sunday.

SPOKE ON BLOOD COVENANT

Sunday Evening to Large and Appreciative Congregation, Holding Closest Attention of Hearers for More Than an Hour.

After a week's mission service at Holy Trinity church, Archdeacon Webber of Boston delivered his farewell sermon in the new church Sunday evening to a large and appreciative congregation, taking as his subject the Blood Covenant.

As has been the case in each sermon delivered here by this eminent divine, the subject was handled in a powerful and masterly manner, and so plainly that a child could comprehend its meaning. For more than an hour the preacher dwelt upon the custom of covenants in the Orient, drawing a beautiful picture of Jesus and the covenant with His disciples. It was one of the most masterly efforts ever heard here, and was duly appreciated. It is to be regretted that Dr. Webber could not have remained longer, but duties called him elsewhere.

The music at this service was of a special order, and was very fine. Mrs. Becker presided at the organ, while Misses Christine and Minna Hampton played the violins.

The work of Archdeacon Webber here has been very fruitful, as it has had a tendency to revive the spiritual influence of the community.

Archdeacon Webber left at noon Monday for Tallahassee, where he will conduct a mission service for the remainder of the week.

DON'T DIE AT 45.

Cure the Indigestion Which is So Liable to Lead to Apoplexy.

Rush of business, eating too fast and too much, excesses of any kind, soon result in indigestion. Then when the digestive organs cannot care for the food properly the coats of the blood vessels in the brain get little nourishment, become brittle, and finally yield to the fierce blood pressure. One is then said to have a "shock," to be paralyzed, or to die from apoplexy.

People suffering with headache, giddiness, palpitation, sleeplessness, bad taste in the mouth, drowsiness, coated tongue, distress after eating, specks before the eyes, and any other of the many distressing results of a weakened stomach, should profit by the discovery of Mi-o-na stomach tablets.

In recent years the greatest advance in medicine has been in the study of diseases of digestion and nutrition and no other prescription has proven itself of as much value as Mi-o-na. It is relied upon as a certainty today in relieving the worst troubles of digestion and assimilation and making a complete cure.

The strongest proof that can be offered in substantiation of the claims that Mi-o-na will cure the worst forms of stomach trouble, cancer excepted, and give immediate relief in indigestion, is the guarantee that J. W. McCollum gives with every 50-cent box of Mi-o-na to refund the money unless Mi-o-na cures. A guarantees like this must inspire confidence in Mi-o na. J. W. McCollum takes the whole risk and the remedy will not cost you a penny unless it cures.

HOT WEATHER AHEAD.

How to Keep the Kitchen Cool and Comfortable in Mid-Summer.

Many a housewife is wondering how she will pass through the coming summer months with the stove she well knows will make the kitchen unbearably hot—to say nothing of the dirt, dust and ashes that will add to the discomfort.

There is a way out of it all—a way that not only lessens the work and keeps the kitchen cool, but that also reduces fuel expense. This convenience, comfort and economy is all effected by the New Perfection Wick Blue Flame Oil Cook-Stove, an oil stove so superior to other makes that it is fast replacing the coal and wood range, the old-fashioned oil stove, and in many cases the gas stove.

Anyone who has had to wait ten or fifteen miuutes for the fire to get started will appreciate the New Perfection, which gives a strong working flame at moment of lighting. "Blue Flame" means the hottest and cleanest flame produced by any stove. The flame is always under immediate control and can be raised or lowered instantly. The convenience of this will be understood when it is considered that while the flame of one burner is boiling the kettle or roasting a large joint, that of another can be reduced to simmering point—in this way enabling the housewife to cook a variety of dishes at one time.

Then the comfort of it. While the flame of the New Perfection is intensely hot, yet the heat is not thrown off into the kitchen because it is concentrated by blue-enameled chimneys.

On washing and ironing days the comfort and convenience of the New Perfection will be greatly appreciated. It gives best results in the least time and does away with all coal and wood carrying and the many other disagreeable jobs that have to be done with other stoves. The new perfection is made in three sizes, with one, two, and three burners, and is warranted to give full satisfaction.

Another home comfort is the Rayo Lamp, which produces a light of unusual brightness, yet soft and mellow—a light that will not hurt the eyes. The Rayo Lamp can be used in any room, whether it be library, dining-room, parlor or bedroom. It is highly ornamental, being made of brass throughout and beautifully nickled. Every lamp is warranted and makes a valuable and handsome addition to any home.

The New Perfection Wick Blue Flame Oil Cook-Stove and the Rayo Lamp are two real essentials to home comfort. Their easy operation, absolute safety and handsome appearance commend them wherever stoves and lamps are used.

TRANSFER OF CASES.

Wm. McDonald, Charged With Cruelty to Animals, Wanted Transfer.

When the case of the State vs. Wm. McDonald, colored, charged with cruelty to animals, was called in Justice Colman's court Monday morning, McDonald, through his attorney, made requests for transfer of the case to County Judge Mason's court, the grounds being that defendant did not believe he could get justice in the lower court. The request was granted, and the case will come up before Judge Mason within the next few days.

The charge is made by I. L. Malphurs, who alleges that McDonald shot a cow belonging to him recently.

Attorney Robt. E. Davis represented the defendant.

In the Justice court Tom Jackson was placed under a peace warrant in the sum of $100. The warrant was issued at the instigation of the wife of Moses Sherman, janitor at the court house, who testified that Jackson "dun flung er brick" at her.

EUREKA!

Yes, I Have Found It At Last.

Found what? Why, that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. ONGLEY, Rootville, Pa. For sale by all druggists.

Gainesville and Alachua County Hospital Association.

A special meeting of the Gainesville and Alachua County Hospital Association is called for Tuesday, April 30th, 1907, at the office of W. W. Hampton, at 8 p. m. This meeting is called for the purpose of electing a president, and chairman of the board of trustees, and of the executive committee of said Association. A full attendance of the members is requested.

WORKING WOMEN, WHAT THEY SHOULD KNOW

MRS. SADIE ABBOTT MRS. PREE McKITRICK

Women for the most part spend their lives at home, and it is these women who are willing and ambitious that their homes shall be kept neat and pretty, their children well dressed and tidy, who do their own cooking, sweeping, dusting and often washing, ironing and sewing for the entire family, who call for our sympathy.

Truly the work of such a woman is "never done" and is it any wonder that she breaks down at the end of a few years, the back begins to ache, there is a displacement, inflammation or ulceration of the abdominal organs, a female weakness is brought on, and the struggle of that wife and mother to continue her duties is pitiful.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, is the exact medicine a woman needs whose strength is overtaxed. It keeps the feminine organs in a strong and healthy condition. In preparing for childbirth and recuperating therefrom it is most efficient. It carries a woman safely through the change of life and in making her strong and well assists her to be a good wife and mother.

Mrs. Sadie Abbott, of Jeannette, Pa., writes:

Dear Mrs. Pinkham—

"I suffered severely with pain every month and also a pain in my left side. My doctor prescribed for me but did me no good; a friend advised Lydia E. Pinkham's Vegetable Compound and I wrote you in regard to my condition. I followed your advice and am a perfectly well woman. The pains have all disappeared and I cannot recommend your medicine too highly."

Mrs. Pree McKitrick, of La Farge, Wis., writes:

Dear Mrs. Pinkham:

"For six years I suffered from female weakness. I was so irregular that I would go from three weeks to six months, so I thought I would give Lydia E. Pinkham's Vegetable Compound a trial.

"Now I am once more well and can do my work without a pain. Any one who wishes, can write to me and I will answer all letters gladly."

Women should remember that Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of female ills. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

A physician can bury a bad job and forget it, but a sidewalk contractor is forced to see it and think of it.

Walter Wellman will tackle the North Pole in a baloon. Here is hoping he will be a well man on his return.

Senator Beard trimmed the whiskers off of his constitutional amendment and its passage has never been missed as a "close shave."

Secretary Taft is very fond of sea breezes, which has proved very soothing to the hot air baloon front which Culture has imposed upon him.

It is amusing to note the fast scheduled the railroad presidents make to the White House when one of the States begin talking railroad legislation.

The recent cold wave nipped Georgia's peach crop in the bud and the tinted blush of the Elberta will have to give way to Florida's famed favorite Waldo.

A New York laborer recently swallowed a pair of scissors, but late dispatches fail to state whether the instrument "cut the fool," or the victim was cured of appendicitis.

The railroad slaughter still keeps the pace for the March reports inform us of fifty-three wrecks and forty-two deaths. This comes of Wall Street managing railroads.

Somehow the State Legislatures of the great Republican States don't seem to endorse the President as he expected. The factional fight in the Republican party is getting as wide as a barn door.

Senator Scott, says Taft, is not a candidate for President. Then why is his brother making such a fuss in Ohio and why is Senator Foraker ringing in fire alarms to arouse his fellows to action?

We can all agree with President Roosevelt upon his advice to the farmers to plant trees on Arbor Day, but Foraker and Taft will say amen also, for this country will eventually be a desert unless tree planting is attended to.

Secretary Bonaparte and President Roosevelt have come to the conclusion long held by some other people, that all whiskey is good, but some whiskey is better than other whiskey. Under the new Pure Food law whiskey is to be branded accordingly.

Senator Hunt Harris' child-labor bill might be a good thing, but we do not need a bill to prevent "children of a tender age" from working in the community. It usually requires a leather strap or a switch to whip some of them into activity.

We grant Germany the right to question the value of the goods she sends to us, what will the other nations think when the value of American exports are arbitrarily raised? Under an ad valorem duty, advance in the value of the goods increases the tariff tax.

GOVERNOR AND PRESS.

The Miami Evening Record, which has been a staunch supporter of the Stockton-Broward political faction, refers as follows to that part of the Governor's message condemning certain newspapers and asking the Legislature to "muzzle" them by the enactment of a law which would prohibit editors expressing honest opinions regarding men and measures with which they took issue. Says The Record:

"In his message to the Legislature the Governor recommended to that body that laws be passed making it a misdemeanor to circulate in print any false information upon any public question, or to print any malicious statement or falsehood about a candidate for office.

"This section of the message has given rise to considerable criticism of the Governor and that distinguished gentleman has replied in a letter which is published in today's Evening Record.

"It would appear that the Governor is too sensitive to attacks by newspapers.

"Every newspaper man who dares express an opinion contrary to that held by his brethren of the press knows what it is to be pilloried in public print, and soon learns to value adverse criticism at its true worth.

"Newspaper criticism of candidates and measures, even in the hottest of Florida campaigns, is mild and gentle to what was the custom of half century ago all over the country.

"The American people have learned that in full and free discussion by the newspapers of every phase of political life is safety, and they will submit to no laws that will curtail that freedom of the press to criticise and blame, even if the bounds of truth are sometimes overstepped. Exaggeration is at times better than no expression at all.

"To a layman the enforcement of the Governor's proposition would appear to be extremely difficult. How is it to be determined when information furnished to a newspaper is untrue? What shall constitute maliciousness, where a newspaper has no feeling against a candidate other than the desire to see an opponent elected?

"As an instance: During the last campaign on drainage the Governor himself appeared in print in a Key West paper over his own signature, informing the people of Monroe county that all the counties in the drainage district were in favor of the constitutional amendment.

"As it turned out, only one of the five counties in the district was in favor of the amendment.

"Would the Governor, under his proposed law, be amenable to punishment for a misdemeanor in circulating false information?

"The Governor will have to learn to take his medicine in allopathic doses, like the rest of us."

The President is getting very vindicative with his old friend, "My dear Harriman," by urging the Interstate Commerce Commission "to put him in jail." He does not deserve it any more now than he did when President Roosevelt was writing him almost daily to come and see him and save New York.

The railroads are threatening to abolish commutation tickets in Indiana, Ohio and Pennsylvania because those States have enacted laws for two-cent passenger fare. To do so will only hasten the building of more trolley lines, which will carry commuters for about one cent a mile.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The reports from Ohio say the Republicans are "all in a tumult" in that State and there is to be a fight to a finish between the Foraker and Taft factions. The Administration is doing all it can with patronage and promises to aid the Taft followers, while the State Administration has issued a declaration of neutrality. Can anyone tell what they are fighting about, except the spoils?

The Constitution is not to be followed the flag into Porto Rico, if Republican statesmen can have their way, for Secretary Taft tells the people of that island that they must be satisfied with free trade with the United States and not expect self-government.

The King of Belgium has been politically buncoed out of an immense concession in the Congo Free State to a Wall Street syndicate, hoping to win favor with Americans in the investigation of the Congo scandals.

King Edward and King Victor embraced each other repeatedly when they met at Gaeta recently. That is not strange. We knew a man to fight about a pair of kings when looking for three queens.

Now The Washington Herald suggests that the President is not the ruler of the U. S. And The Herald only has to look up the street to see him doing it.

If this warm spell continues, "something's coming off," as the man said to his winter flannels.

PLEADS FOR HIGHER ETHICS

Address of Supreme Court Justice Brewer at Carnegie Hall.

New York, April 23.—United States supreme court Justice Brewer pleaded for a higher standard of ethics in the legal profession in an address before the Ethical Culture society in Carnegie hall Saturday.

Justice Brewer, in beginning his remarks, said that no profession was so often and so wrongfully attacked as was the legal profession, and then he added:

"It is strange that there should be so much criticism of the bar. We must remember that the wisdom of the law-maker can never keep pace with the ingenuity of trained minds seeking to evade the lagal limitations. The old saying that holes may be found in every law means simply that an ingenious lawyer can often find either a statute itself or in the mode of enforcement some way to escape from its penalties. It is this which provokes the frequent remarks that the law so seldom reaches the rich, for the rich can pay for the brainiest and the brainiest can most certainly and quickly discover the means of evasion. As against this, I appeal for a higher standard of ethics. I appeal to every lawyer to put his heart alongside his head, to mix his conscience with his brains. Let him have the courage to say to his client:

"It may be legal, but it is dishonest, and I will have nothing to do with it."

"Is this asking too much of the profession?"

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

Many Gamblers Infest Atlanta.

Atlanta, April 23.—Rumors continue to float around about the city being full of professional gamblers who have stated that they came back to Atlanta because they were led to believe they would have some sort of protection from police raids. People who know the professional gamblers say that there have not been so many of them in Atlanta for the past nine or ten years.

Ruef Trial Continues.

San Francisco, April 23.—The Ruef trial went on Monday morning. There are twelve prospective jurymen in the box. The prosecution is well satisfied, for the most of the jurymen are qualified to act impartially, and may not use a single one of their five peremptory challenges. The defense, on the other hand, will undoubtedly use a portion of their ten challenges.

Deputy Collector Suicides.

Nashville, April 23.—Deputy Revenue Collector E. E. Bell committed suicide at a hotel in this city Sunday night by taking morphine. No cause is known for the deed. He had been in the revenue service for many years. He was a terror to the moonshiners in the Tennessee mountains.

Spanish Bark in Distress.

Jacksonville, Fla., April 23.—The Spanish bark Habana, 660 tons, Captain Sust, from Santa Cruz, March 7, for Brunswick, Ga., was abandoned at 11 a. m. Sunday off Fernandina; rudder gone, and bark leaking badly. Crew brought to Mayport on schooner Sallie L'Op. Bark picked up and towed to Mayport by tug The Three Friends.

IN MAYOR'S COURT.

ree Greeks Arrested for Drunkenness Fined $5 and Costs.

The three Greeks who were ejected om a train en route from Crystal ver to Jacksonville because they re intoxicated and uncontrollable, d who were arrested by Marshal now here, were arraigned before e Mayor's court Tuesday morning, d were fined $5 and costs each. The names of the men were John well, Fred Jenson and Milton Sas- s. They have evidently been enged in sponge fishing on the Gulf ast, as they had plenty of money, hich was carefully concealed about eir persons, and paid their fines adily. They were completely sober hen taken from the jail, and appear- d glad to pay the penalty and secure eir liberty. They continued on eir journey to Jacksonville on the rst train, sadder but wiser and orer by about $7 each.

Another case before the Mayor was ewis Johnson, who shot a rabbit in is garden, and was fined $5 and osts for discharging firearms in the ity limits. Johnson didn't think it as wrong, he said, to shoot anything hich was eating up his garden, but e has learned better.

In Memoriam.

Richard Miles, beloved and only on of Mr. and Mrs. R. M. Perry of Ocala, died at the home of Mrs. Lu- Moody in this city at an early our yesterday morning.

Only five months did this dear little ne live to gladden the lives of his arents and the Lord who gave him, ook him unto Himself, after a short lness.

The little body was laid tenderly to rest in Evergreen cemetery, Rev. Nixon of the Methodist church officiating. The floral offerings were profuse and beautiful. The gentle Saviour calls the children to his breast, He folds them in his loving arms, Himself declares them blest.

(Ocala Banner please copy.)

Card of Thanks.

We, the undersigned, wish hereby to thank the kind friends, who by word and deed have shown their loving sympathy to us during the sickness and death of Little Richard Miles, the darling and only son of his parents, Mr. and Mrs. R. M. Perry. We assure them that the memory of their kindness to us will ever be cherished in our hearts as the one ray of light illuminating our dark hour of sorrow.

RUSSIANS DROWN IN NEVA.

Steamer Goes to the Bottom at St. Petersburg During Storm.

St. Petersburg, April 23.—Twenty-five persons are believed to have been drowned by the foundering of the river steamer Archangelsk, while she was crossing the Neva, near the suburb of Irinowka, late Saturday night.

The accident occurred during the snow storm that day, when the vessel was two-thirds the way across the river, and was caused by her striking an ice floe, numbers of which still remain in the river despite the lateness of the season.

Owing to the thickness of the weather the accident was not seen from the shore, but the shouts of help of those in distress attracted the crews of two steamers, which hastily went to the scene, only, however, to find that the Archangelsk had foundered. A number of her passengers, mostly working people, were rescued, but owing to the swiftness of the current, many others were swept under the ice flows.

There is no means for establishing definitely the number of victims. The passage across the river was short, and no count was made of the passengers; but, according to the police, 31 persons are missing—all workmen or small merchants of the humbler classes.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all druggists.

Rejects Articles of Agreement.

Raleigh, N. C., April 23.—The Fayetteville presbytery, in session at Maxton, N. C., after a heated debate on the subject of closer relations with other Presbyterians, rejected the proposition by a decided majority.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Fined $25 and Bound Over.

Savannah, Ga., April 23.—The troubles of Dr. R. J. Trippe, the Cartersville physician who came here to attend the convention of the Georgia Medical society, did not come to an end with the imposition of a fine in the police court Saturday. A fine of $25 was imposed and paid, but Lance Smith, front clerk of the hotel, whom Trippe struck over the head with a cuspidor, was not in a forgiving mood, but expressed his desire to prosecute the doctor, who was remanded to a higher court for assault and battery.

Several Trains Mangle Body.

mangled body of an unknown white man was found early Sunday morn-

Gadsden, Ala., April 23.—The ing by the side of the railroad tracks at the junction of the Louisville and Nashville and Nashville, Chattanooga and St. Louis railways, about 7 miles west of this city. There were no papers or other marks by which the man could be identified found on his body. From the horrible mangled appearance of the body, several trains must have passed over the remains.

Gentle and Effective.

A well known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25 cents. Samples free. Sold by all druggists.

Tends to Confirm Reports.

New York, April 23.—Private advices received in this country, says the Tribune of Monday, tend to confirm the cable reports that Cardinal Merry Del Val will retire from the office of secretary of state for Pius X. It is stated that he is to be succeeded by an English-speaking priest and that Mgr. Kennedy, rector of the American college at Rome, may get this high office.

Whooping Cough.

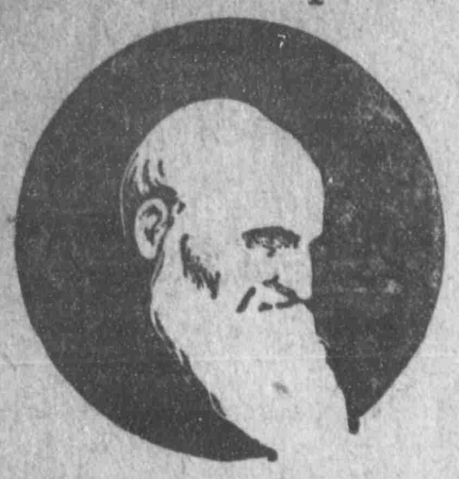
Old People



NEED VINOL

it strengthens and vitalizes

With old age comes feebleness and loss of power; the organs act more slowly and less effectually; the blood is thin, sluggish and watery; digestion is weak and food is not assimilated as it used to be.

Vinol repairs worn tissues and checks the natural decline. It tones up the digestive organs, aids assimilation, makes rich, red blood, and strengthens every organ in the body. In this natural manner Vinol replaces weakness with strength.

Vinol contains all the medicinal elements of cod liver oil in a concentrated form, taken from fresh cods' livers, the useless oil eliminated and tonic iron added.

It is because we know so well of what Vinol is made that we offer to return money if it fails to benefit. W. M. Johnson, Druggist.

Note—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

John B. Roberson,, a well known citizen of Jacksonville, was a business visitor to this city yesterday.

Dr. B. C. Hodges, H. McL. Grady, J. D. Neal and Mr. and Mrs. H. C. Stevens, all of High Springs, were visitors to this city yesterday.

Report comes that W. E. Dow's condition was not so favorable during yesterday and last night, as there seemed to be a slight change for the worse. It is hoped a more encouraging report can be given tomorrow.

Percy M. Padgett, formerly of this county but now engaged in the manufacture of naval stores near New River, spent Sunday and Monday in this city with relatives and friends. Mr. Padgett is well known here, and his numerous friends are always glad to greet him.

B. R. Colson, of the Alachua Abstract Company, has returned from a business trip to Tallahassee. He says the State Capital is quite lively just now, on account of the session of the Legislature. Mr. Colson reports heavy and constant rains in Tallahassee and vicinity, following a long drought.

Among the prominent West End people visiting this city Monday was E. T. Henderson, justice of the peace and mayor of Newberry, the last honor recenty having been conferred upon him. He enjoys the distinction, however, of being the first head of the government in Newberry, that town having been incorporated only a short time ago. He wears his honors with credit.

Sam F. Brooks, who owns a farm near the Devil's millhopper, spent a few hours on the farm a day or two recently, and feels very much encouraged at the condition of his crop, which comprises not only staple but truck products, since the rain. He states that everything which seemed to be affected by the drought has taken on new life, and the prospects are that the plants will bear prolificly.

Dr. J. H. Alderman has returned from Worthington Springs, where he has been on a brief visit to his wife, sojourning there. Dr. Alderman speaks in the highest terms of the new Hotel Worthington, which he declares to be among the best he has ever patronized. The springs are now in fine condition, with the result that a large number are taking advantage of their superior medicinal qualities.
